# SUBJECT INDEX

## 1975, Volume 37

Accelerocardiogram, praecordial, effects of isometric sustained handgrip, normal and heart disease (Hume *et al.*). 873
Amiodarone effects on thyroid function in ischaemic heart disease (Pritchard *et al.*). 856
Anastomosis, Waterson's, for cyanotic congenital heart disease, complications (Somerville *et al.*). 1105
Aneurysm
  congenital, of membranous septum, with atrioventricular block, histology of conduction system: case report (Thery *et al.*). 1097
  left ventricular, echocardiographic mitral systolic motion in (Greenwald *et al.*). 684
Angina pectoris
  aortic stenosis, and coronary artery disease, interrelations (Harris *et al.*). 656
  induced by atrial pacing, study of haemodynamic events in right and left ventricle (Roy *et al.*). 520
  mild, coronary arteriographic study (Walsh *et al.*). 752
  after coronary bypass surgery (Frick *et al.*). 414
  localization of left ventricular ischaemia by cineangiography during exercise (Sharma & Taylor). 963
  positive correlation of coronary angiographic index with maximal exercise level in (Balcon & Russell). 551, *P.*
  in severe aortic valve disease, clinical, haemodynamic, and coronary angiographic correlates (Basta *et al.*). 150
  spontaneous, associated with transient ST segment elevation, maximal exercise testing (Detry *et al.*). 897
    left and right heart, haemodynamics during (Guazzi *et al.*). 401
    treatment with beta blockinga gents (Guazzi *et al.*). 1235
  Prinzmetal type, syncope associated with: case report (Harper *et al.*). 771
  unstable, problem of definition (Chahine). 1246
Angiographic index, coronary, with maximal exercise level in angina pectoris, positive correlation (Balcon & Russell). 551, *P.*
Antifungal chemotherapy and aortic valve replacement in treatment of Candida endocarditis: case report (Stone). 1191
Aorta
  ascending, to right pulmonary artery shunt for cyanotic congenital heart disease, complications (Somerville *et al.*). 1105
    hypoplastic with valve atresia: correspondence (Hudson: Cabrera: Reif). 892
  coarctation *see* Coarctation
  l-malposition, with double-outlet right ventricle (Lincoln *et al.*). 453
Aortic
  arch, complete interruption, without persistent ductus arteriosus, adult: case report (Sharratt *et al.*). 221
    right, with coarctation of aorta, surgical correction (Honey *et al.*). 937
    with isolation of left subclavian artery, surgical implications (Rodriguez *et al.*). 931
    underdevelopment, associated with truncus arteriosus communis (Thiene *et al.*). 1268
  associated with osteogenesis imperfecta, successful aortic valve replacement (Weisinger *et al.*). 475
  regurgitation, from infective endocarditis in Fallot's tetralogy and pulmonary atresia (Emanuel *et al.*). 365
    severity, echocardiography (Gray *et al.*). 558, *P.* (Gray & Barritt). 691
    severe, premature opening of aortic valve in: case report (Page & Layton). 1101
  root diameter, assessment, accuracy of echocardiography (Francis *et al.*). 376
  stenosis, angina, and coronary artery disease, interrelations (Harris *et al.*). 656
    assessment, echocardiographic left ventricular dimensions in pressure and volume overload (Bennett *et al.*). 971
    supravalvular, echocardiographic features (Nasrullah & Nihill). 662
    systolic pressure gradient echocardiography (Bennett *et al.*). 557, *P.*
    value of systolic time intervals in assessing severity, children (Moene *et al.*). 1113
  valve, bicuspid non-stenotic, diagnosis and prognosis (Leatham *et al.*). 781, *P.*
    disease, severe, angina pectoris in, clinical, haemodynamic, and coronary angiographic correlates in (Basta *et al.*). 150
    obstruction, under one year old (Lennox *et al.*). 554, *P.*
    premature opening in severe aortic regurgitation: case report (Page & Layton). 1101
    replacement and antifungal chemotherapy in treatment of Candida endocarditis: case report (Stone). 1191
    for aortic regurgitation associated with osteogenesis imperfecta (Weisinger *et al.*). 475
Aorto-coronary bypass, grafts, *see* Grafts, bypass
Apex cardiogram and left ventricular events, time relation between, using simultaneous high-fidelity tracings (Manolas *et al.*). 1263
Arrythmias
  in late hospital phase of acute myocardial infarction compared to coronary care unit ectopy (Vismara *et al.*). 598
  ventricular, and infarct size, relation between (Roberts *et al.*). 1169
Arteries, great, *see* Malposition: Transposition
Arteriography, coronary, *see* Coronary arteriography
Ascending aorta to right pulmonary artery shunt for cyanotic congenital heart disease, complications (Somerville *et al.*). 1105
Asplenia and polysplenia, syndromes, review of cardiac and non-cardiac malformations in 60 cases (Rose *et al.*). 840
Atherosclerosis, International Workshop-Conference, September 1975, announcement. 676
Atrium, Atrial
  appendage, left, herniation, presenting as acute pericarditis: case report (Carty *et al.*). 98
  dissociation in acute myocardial infarction: case report (Scott & Finnegan). 539
  enlargement, left, electrocardiographic detection, correlation of P wave by echocardiography (Chirife *et al.*). 1281

extrasystoles, blocked causing escape-capture bigeminy: case report (Dubb & Schamroth). 890
fibrillation and flutter, effect of quinidine on maintaining sinus rhythm after conversion (Södermark *et al.*). 486
in Wolff-Parkinson-White syndrome (Curry & Krikler). 779, *P.*
pacing, haemodynamic events in right and left ventricle during angina induced by (Roy *et al.*). 520
site, effects on atrial and atrioventricular nodal function (Amat y Leon *et al.*). 576
right, laceration, complication of external cardiac massage (Biggart & McClure). 652
septal defect, secundum, with abnormalities of atrioventricular conduction or left axis deviation, genetic study (Emanuel *et al.*). 1085
septal defect, secundum type, simulating endocardial cushion defect, electrocardiogram (Tan *et al.*). 209
Atrio-His bundle tracts, 2 cases (Brechenmacher). 853
Atrionodal
discontinuity, and complete heart block (Gerlis *et al.*). 345
gap phenomenon (Pop *et al.*). 1150
Atrioventricular
block, bradycardia-dependent, induced by premature beats, His bundle recording (Castellanos *et al.*). 570
complete, and left posterior hemiblock associated with acute inferior wall myocardial infarction (Schamroth *et al.*). 471
exercise-induced second degree, significance: case report (Bakst *et al.*). 984
secondary to congenital aneurysm of membranous septum, histological examination of conduction system: case report (Thery *et al.*). 1097
junction extrasystoles, concealed, simulating second-degree sinoatrial block: case report (Brat). 449
pathways, dual, common electrophysiological response (Denes *et al.*). 1069
Atropine and heart rate, effects on 'dual AV conduction' (Neuss *et al.*). 1216

Bacterial endocarditis, prevention (Durack). 478
Balloon, intra-aortic, echocardiography (Weir *et al.*). 1045
Banding, pulmonary artery, pulmonary blood flow distribution after (Samánek *et al.*). 37
Baroreflex arc, effects of clonidine, conscious rabbit and man (Sleight *et al.*). 560, *P.*
Beta-adrenergic receptor blockade
in congestive cardiomyopathy (Waagstein *et al.*). 1022
in spontaneous angina pectoris (Guazzi *et al.*). 1235
Bicuspid non-stenotic aortic valve, diagnosis and prognosis (Leatham *et al.*). 781, *P.*
Bidirectional tachycardia, 6-year-old girl, His bundle electrography: case report (Reid *et al.*). 339
Bigeminy, escape-capture, caused by blocked atrial extrasystoles: case report (Dubb & Schamroth). 890
Billowing mitral valve leaflet syndrome, complicated by infective endocarditis (Lachman *et al.*). 326
Biopsies
myocardial, enzyme studies, congestive cardiomyopathy (Peters *et al.*). 780, *P.*
description of technique, comparison of right and left ventricular biopsy (Brooksby *et al.*). 555, *P.*
ventricular, left, percutaneous technique, comparison between right and left ventricular myocardial samples (Richardson *et al.*). 556, *P.*
Block, heart, *see* Heart block
Blood
flow, coronary, in myocardial infarction, effects of phentolamine (Gould *et al.*). 647
coronary, in recent myocardial infarction, effect of lignocaine: correspondence (Széplaki). 440
right and left, variation with and without occlusive coronary disease (Asokan *et al.*). 604
lung capillary, role of pulmonary veins (Rajagopalan). 554, *P.*
pulmonary, distribution after banding of pulmonary artery (Samánek *et al.*). 37
Bundle-branch block
familial, isolated complete right, three generations of two families (Esscher *et al.*). 745
incomplete bilateral, complicating acute myocardial infarction, long-term survival (Lichstein *et al.*). 924
Burkitt's lymphoma, presenting with heart block: case report (Cole *et al.*). 94
Bypass surgery, plasma and tissue digoxin concentrations in patients undergoing (Carruthers *et al.*). 313
*see also* Grafts

Caesium-131 myocardial scintigraphy in assessment of anterior myocardial infarction (Burguet *et al.*). 1037
Calibration of dye-dilution curves during cardiac surgery, use of dynamic method (Lin *et al.*). 726
*Candida albicans* and *Corynebacterium hofmanni* causing prosthetic valve endocarditis: case report (Boyce). 1195
Candida endocarditis treated with combination of antifungal chemotherapy and aortic valve replacement: case report (Stone). 1191
Carbamazepine, advanced heart block aggravated by: case report (Beerman *et al.*). 668
Cardiac
arrest, elective, myocardial preservation during (Hearse). 555, *P.*
failure, acute, severe, complicating myocardial infarction (O'Rourke *et al.*). 169
chronic, haemodynamic effects of dobutamine (Beregovich *et al.*). 629
peripartum, aetiology and postpartum hypertension (Davidson & Parry). 784, *P.*
malformations, multiple, anomalous origin of single coronary artery with: correspondence (Hudson, Cabrera, Reif). 892
massage, external, complicated by right atrial laceration (Biggart & McClure). 652
muscles, oxyfedrine-induced changes in structure and function (Naylor *et al.*). 556, *P.*
restriction and tamponade, haemodynamics (Shabetai & Meaney) 780, *P.*
Cardiogram, impedance, origin (Harley). 550, *P.*
Cardiomyopathy
congestive, effect of beta-adrenergic receptor blockade (Waagstein *et al.*). 1022
congestive, enzyme studies on myocardial biopsies (Peters *et al.*). 780, *P.*
hypertrophic, echocardiographic spectrum (Feizi & Emanuel). 1286
obstructive, assessment by echocardiographic and Doppler ultrasound techniques (Boughner *et al.*). 917
pathology (Pomerance & Davies). 305
treated with practolol, relief of severe left ventricular outflow obstruction: case report (El Gamal *et al.*). 225
restrictive, primary (Ziady *et al.*). 556, *P.*
Cardiopulmonary bypass, plasma and tissue digoxin concentrations in patients undergoing (Carruthers *et al.*). 313
Cardiovascular
epidemiology, international teaching seminar, Mexico, 21 September–3 October 1975. Announcement. 452
malformations in infant deaths, 10-year study (Esscher *et al.*). 824
Cardioversion, titrated energy, of patients on digitalis (Hagemeijer & Van Houwe). 1303
Catheter, preformed, for entry into pulmonary artery in transposition (Macartney *et al.*). 525

Catheterization
cardiac, serum creatine phosphokinase isoenzymes after (Roberts *et al.*). 1144
transseptal directional Doppler ultrasound, use for recording mitral valve flow velocity (Kalmanson *et al.*). 249; in evaluation of mitral valve disease (Kalmanson *et al.*). 257
Cerebral embolism, fatal, localized left ventricular myocardial defect leading to: case report (Fitzgerald *et al.*). 886
Chordae tendineae, 'posterior reinsertion', causing congenital mitral regurgitation: correspondence (Davies & Pomerance: Silver; Bevilacqua). 438
Clonidine effects on baroreflex arc, conscious rabbits and man (Sleight *et al.*). 560, *P.*
Coarctation of aorta
with right aortic arch, surgical correction (Honey *et al.*). 937
plasma renin activity before and after surgery (Markiewicz *et al.*). 721
Computer and human interpretation of electrocardiogram correlated with cardiac pathology (Bourdillon *et al.*). 560, *P.*
Conducting system in sinoatrial disease, pathology (Brownlee *et al.*). 779, *P.*
Conduction
dual atrioventricular, effects of heart rate and atropine (Neuss *et al.*). 1216
times, measurement with catheter electrodes during pacing from different ventricular sites (Castellanos *et al.*). 242
Conduit, valved, from the right atrium to pulmonary artery, use for 'correction' of single ventricle of hypoplastic right heart syndrome (Yacoub *et al.*). 782, *P.*
Congenital heart disease
10-year clinical and epidemiological study of infant deaths (Esscher *et al.*). 824
right-to-left shunting with normal right ventricular pressure (Haworth *et al.*). 386
after surgery, children, International Symposium, Toronto, June 1975. Notice, 452
Conotruncal abnormalities, surgical repair (Lincoln *et al.*). 553, *P.*
Contraceptives, oral, associated with malignant hypertension: case report (Dunn *et al.*), 336
Contractile behaviour of the heart, Third Workshop, Antwerp, September 1975. Announcement. 676
Coronary
angiographic index with maximal exercise level in angina pectoris, positive correlation (Balcon & Russell). 551, *P.*
arteriography: editorial (Emanuel). 229
comparison of Triosil 370 with Urografin 76 and Hypaque 65 (Verel *et al.*). 1049
patterns early in onset of coronary heart disease (Fuster *et al.*). 1250
artery, anomalous origin, with multiple heart malformations: correspondence (Hudson, Cabrera, Reif). 892
disease, *see* Coronary heart disease
left, anomalous origin from pulmonary artery, surgical considerations: case report (Barrand *et al.*). 441
left circumflex, review of variations (Roy *et al.*). 287
blood flow, in myocardial infarction, effects of phentolamine (Gould *et al.*). 647
care, intermediate, controlled trial (Reynell *et al.*). 166, 550, *P.*
collateral circulation, fate after aorto-coronary saphenous vein bypass grafts (Di Luzio *et al.*). 397
heart disease, aortic stenosis, and angina, interrelations (Harris *et al.*). 656
arteriographic patterns early in onset (Fuster *et al.*). 1250
circumstances attending 100 sudden deaths requiring coroner's necropsies (Myers & Dewar). 1133
effects of amiodarone on thyroid function (Pritchard *et al.*). 856
extent, and severity of hyperlipoproteinaemia, relation between (Murray *et al.*). 1205
factors influencing long-term prognosis (Mulcahy *et al.*). 158
frequency potentiation and postextrasystolic potentiation in, and in normal, (Schwarz *et al.*). 514
right, and inferior myocardial infarction, correlative study (Dwyer *et al.*). 464
effect of submaximal exercise on fibrinolytic activity (Khanna *et al.*). 1273
after surgery, international symposium, Toronto, 5–7 June 1975, Announcement. 452
symptomatic, reproducibility of exercise tests (Fabián *et al.*). 785
insufficiency, acute, urgent surgical condition (Lawson *et al.*). 1053
ostial stenosis, occurrence in necropsy series of myocardial infarction, sudden death and violent death (Rissanen). 182
stenosis, left main stem (Balcon *et al.*). 551, *P.*
Correspondence
Anomalous origin of single coronary artery with multiple heart malformation (Hudson: Cabrera: Reif). 892
Congenital mitral regurgitation due to 'posterior reinsertion' of chordae tendineae (Davies & Pomerance: Silver: Bevilacqua). 438
Isolated ventricular inversion with situs solitus (Anderson: Quero-Jiménez). 1202
Lignocaine: effect on coronary blood flow in patients with recent myocardial infarction (Széplaki). 440
Symptomless myocarditis and myalgia in viral and *Mycoplasma pneumonia* infections. (Simon & Abbott: Lewes). 987
*Corynebacterium hofmanni* and *Candida albicans*, prosthetic valve endocarditis caused by: case report (Boyce). 1195
Coxsackie virus B infection, causing heart disease (Sainani *et al.*). 819
Creatine
kinase release in acute myocardial infarction, correlation with clinical, electrocardiographic, and pathological findings (Mathey *et al.*). 1161
phosphokinase isoenzymes, serum activity after cardiac catheterization (Roberts *et al.*). 1144
Cyanotic congenital heart disease, radical corrective surgery, ascending aorta to right pulmonary artery shunt, complications (Somerville *et al.*). 1105

Depolarization, enhanced phase-4, in His-Purkinje system, delay and block of cardiac impulse caused by (Kretz *et al.*). 136
Diabetics
continuous electrocardiographic recording during exercise, computer study (Campbell *et al.*). 277
RR interval variations, young males (Murray *et al.*). 882
Diastolic
closure rate of normal mitral valve, measurement (Rodger & Sumner). 504
events, early, in cardiac disorders (Prewitt *et al.*). 557, *P.*
Digitalis
effect on sinus node function in denervated heart (Goodman *et al.*). 612
systolic time intervals in constrictive pericarditis before and after (Bhatia & Manjuran). 1176
titrated energy cardioversion of patients on (Hagemeijer & Van Houwe). 1303
Digoxin
concentrations, plasma and tissue, patients undergoing cardiopulmonary bypass (Carruthers *et al.*). 313
maximal intestinal absorption, relation to steady state plasma concentration (Johnson & Bye) 203
serum levels, after myocardial infarction (Sharpe *et al.*). 530
in relation to digoxin intoxication, radioimmunoassay (Singh *et al.*). 619

urinary, and development of radioimmunoassay (Hayward *et al.*). 560, *P.*
Disopyramide, effects on electrophysiological properties of specialized conduction system and on accessory atrioventricular pathway in WPW syndrome (Spurrell *et al.*). 861
Dissociation, atrial, in acute myocardial infarction: case report (Scott & Finnegan). 539
Dobutamine, haemodynamic effects in chronic cardiac failure (Beregovich *et al.*). 629
Dopamine, acute circulatory effects in pulmonary hypertension (Holloway *et al.*). 482
Doppler ultrasound technique
in assessment of hypertrophic obstructive cardiomyopathy (Boughner *et al.*). 917
transseptal directional, use in recording mitral valve flow velocity (Kalmanson *et al.*). 249; in diagnosis and evaluation of mitral valve disease (Kalmanson *et al.*). 257
Double outlet right ventricle with l-malposition of aorta (Lincoln *et al.*). 453
'Dual AV conduction', effects of heart rate and atropine (Neuss *et al.*). 1216
Dye-dilution curves, calibration during cardiac surgery, use of dynamic method (Lin *et al.*). 726
Dysrhythmias
effect of lignocaine on mechanisms in myocardial infarction (Allen *et al.*). 780, *P.*
24-hour electrocardiogram monitoring of ambulatory outpatients suspected of (Goldberg *et al.*). 559, *P.*

Echocardiography
accuracy for assessing aortic root diameter (Francis *et al.*). 376
of aortic regurgitation severity (Gray & Barritt). 691
in congenital mitral valve disease, infants and children (Godman *et al.*). 783, *P.*
of hypertrophic obstructive cardiomyopathy (Boughner *et al.*). 917
of intra-aortic balloon (Weir *et al.*). 1045
left ventricular size and performance, infants and children (Kaye *et al.*). 371
mitral systolic motion in left ventricular aneurysm (Greenwald *et al.*). 684
and phonocardiography, simultaneous, relation between heart sounds and valve movements (Leatham & Leech). 557, *P.*
systolic pressure gradient in aortic stenosis (Bennett *et al.*). 557, *P.*
two-dimensional, use to determine non-invasive left ventricular volume (Gehrke *et al.*). 911
Workshop, Rotterdam, September 1975, announcement, 676
Echoventriculography of left ventricular asynergy in acute myocardial infarction (Heikkila & Nieminen). 46
Editorial
Coronary arteriography (Emanuel). 229
New units for old, 1
A policy for hypertension (Short). 893
Ejection phase indices of left ventricular performance in infants, children, and adults (Tynan *et al.*). 196
Electrocardiography, scalar and vector, comparison in diagnosis and localization of myocardial infarction (McNeill *et al.*). 379
Electrode, pacing, unusual fracture: case report (Hepburn & Meeran). 1311
Endocardial cushion defect, simulated by patients with secundum type atrial septal defect, electrocardiogram (Tan *et al.*). 209
Endocardial fibroelastosis, primary, heredity (Westwood *et al.*). 1077

Endocarditis
bacterial, prevention (Durack). 478
Candida, treated with combination of antifungal chemotherapy and aortic valve replacement: case report (Stone). 1191
caused by rhodotorula treated with 5-fluorocytosine: case report (Navel *et al.*). 101
infective, in billowing mitral leaflet syndrome (Lachman *et al.*). 326
infective, in Fallot's tetralogy and pulmonary atresia, aortic regurgitation from (Emanuel *et al.*). 365
Löffler's: case report (Scott & Bruce). 534
prosthetic valve, caused by *Corynebacterium hofmanni* and *Candida albicans:* case report (Boyce). 1195
Enzymes
plasma levels, in quantitation of infarct size (Witteveen *et al.*). 795
studies on myocardial biopsies in congestive cardiomyopathy (Peters *et al.*). 780, *P.*
Epicardial mapping studies, surgical treatment of ventricular tachycardia after (Spurrell *et al.*). 115, 558, *P.*
Escape-capture bigeminy, caused by blocked atrial extrasystoles: case report (Dubb & Schamroth). 890
Exercise, electrocardiographic recording during, diabetics (Campbell *et al.*). 277
Extrasystoles, atrial, blocked, causing escape-capture bigeminy: case report (Dubb & Schamroth). 890

Fallot's tetralogy
clinical, angiographic, and morphogenetic correlations (Shinebourne *et al.*). 782, *P.*
in infancy, variations in clinical presentation, angiography and pathogenesis (Shinebourne *et al.*). 946
and pulmonary atresia, aortic regurgitation in infective endocarditis in (Emanuel *et al.*). 365
Fatty acids, free, plasma levels, in myocardial infarction, effect of early oral feeding (Opie *et al.*). 700
Fibrillation, atrial, Wolff-Parkinson-White syndrome (Curry & Krikler). 779, *P.*
Fibrinolytic activity in ischaemic heart disease, effect of submaximal exercise (Khanna *et al.*). 1273
Fibroelastosis, endocardial, primary, heredity (Westwood *et al.*). 1077
5-Fluorocytosine, in treatment of endocarditis caused by rhodotorula: case report (Naveh *et al.*). 101

Gallop sound, audible praecordial, transmission to right supraclavicular fossa (DiDonna *et al.*). 1277
Gap phenomena, atrionodal and nodo-Hisian (Pop *et al.*). 1150
Glomerulonephritis, acute, circulatory changes at rest and during exercise (Binak *et al.*). 833
Grafts
aortocoronary bypass, angiography (Fawzy *et al.*). 552, *P.*
occurrence of angina pectoris after (Frick *et al.*). 414
saphenous vein, fate of coronary collateral circulation after (Di Luzio *et al.*). 397

Haemodynamic
effects of antiarrhythmic quaternary ammonium compound QX-572 (Rydén *et al.*). 65
change in papillary muscle dysfunction: case report (Markiewicz *et al.*). 445
left and right heart, during spontaneous angina pectoris (Guzzi *et al.*). 401
effects of propranolol (Coltart *et al.*), 357
events in right and left ventricle during angina induced by atrial pacing (Roy *et al.*). 520

Handgrip
isometric, sustained effects on praecordial accelerocardiogram, normal and heart disease (Hume *et al.*). 873
myocardial lactate metabolism during, comparison with pacing tachycardia (Nakhjavan *et al.*). 79
Heart
block, in acute posterior myocardial infarction, premonitory sign (Barrillon *et al.*). 2
advanced, aggravated by carbamazepine: case report (Beerman *et al.*). 668
in Burkitt's lymphoma; case report (Cole *et al.*). 94
complete, consequence of atrionodal discontinuity (Gerlis *et al.*). 345
in progressive systemic sclerosis: case report (Summerfield). 1308
studies of atrial and ventricular pacemaker site and function (Dighton). 1156
and systemic lupus erythematosus: case report (Wray & Iveson). 982
congenital, myocardial biopsy material, EM study (Ludatscher *et al.*). 561
contractile behaviour, Third Workshop, Antwerp, 4-5 September 1975, announcement, 676
rate and atropine, effects on dual AV conduction (Neuss *et al.*). 1216
disease caused by Coxsackie virus B infection (Sainani *et al.*). 819
sounds, and valve movements, relation between simultaneous echocardiography and phonocardiography (Leatham & Leech). 557, *P.*
Hemiblock
intermittent left anterior, effect on left ventricular function: case report (Swanton *et al.*). 216
left anterior, masking inferior myocardial infarction: case report (Cristal *et al.*). 543
left posterior, and complete atrioventricular block, associated with acute inferior wall myocardial infarction (Schamroth *et al.*). 471
in acute myocardial infarction (Rizzon *et al.*). 711
His bundle
electrogram during bidirectional tachycardia: case report (Gavrilescu & Luca). 1198; in 6-year-old girl (Reid *et al.*). 339
in myocardial infarction complicated by atrioventricular or intraventricular conduction disturbances (Harper *et al.*). 705
potential, non-invasive recording, simplified method (Hishimoto & Sawayama). 635
recordings in bradycardia-dependent AV block induced by premature beats (Castellanos *et al.*). 570
His-Purkinje system, delay and block of cardiac impulse caused by enhanced phase-4 depolarization in (Kretz *et al.*). 136
Homograft, right ventricular outflow tract, infants and children, late results (Radley-Smith & Yacoub). 554, *P.*
Hypaque 65, Urografin 76 and Triosil 370 for coronary arteriography, comparison (Verel *et al.*). 1049
Hyperlipidaemia in children: invited article (Lloyd). 105
Hyperlipoproteinaemia, severity, and extent of coronary heart disease, relation between (Murray *et al.*). 1205
Hypertension
borderline-specific entity (Irving *et al.*). 549, *P.*
factors predisposing to postural hypotensive symptoms in treatment (Talbot & Smith). 1059
malignant, associated with use of oral contraceptives: case report (Dunn *et al.*). 336
policy: editorial (Short). 893
postpartum, and aetiology of peripartum cardiac failure (Davidson & Parry). 784, *P.*
pulmonary, acute circulatory, effects of dopamine (Holloway *et al.*). 482
extreme, caused by mitral valve disease, natural history and results of surgery (Ward & Hancock). 74
primary or unexplained, aetiology (Wade & Atukorale). 550, *P.*
serum uric acid in (Bulpitt). 1210
Hypertrophic obstructive cardiomyopathy
assessment by echocardiographic and Doppler ultrasound techniques (Boughner *et al.*). 917
echocardiographic spectrum (Feizi & Emanuel). 1286
pathological features, elderly (Pomerance & Davies). 305
treated with practolol, relief of severe left ventricular outflow obstruction: case report (El Gamal *et al.*). 225
Hypoplastic right heart syndrome, use of right atrium to pulmonary artery valved conduit for 'correction' of single ventricle of (Yacoub *et al.*). 782, *P.*
Hypotension
idiopathic orthostatic, localization of lesions (Ibrahim). 868
postural, predisposition in treatment of high blood pressure (Talbot & Smith). 1059
Hypoxia, high altitude, effects on left ventricular systolic time intervals (Balasubramanian *et al.*). 272

Idiopathic giant cell myocarditis, a distinctive clinicopathological entity (Davies *et al.*). 192
Idiopathic orthostatic hypotension, localization of lesions (Ibrahim). 868
Impulse, cardiac, delay and block caused by enhanced phase-4 depolarization in His-Purkinje system (Kretz *et al.*). 136
Infarct size
quantitation by plasma enzyme levels (Witteveen *et al.*). 795
and ventricular arrhythmia, relation between (Roberts *et al.*). 1169
Infarction, myocardial, *see* Myocardial infarction
Infradiaphragmatic total anomalous pulmonary venous return, diagnosis and surgical repair in 10-year-old child: case report (Duff *et al.*). 1093
Intramural veins, left ventricle, pattern (Farrer-Brown & Tarbit). 85
Ischaemic heart disease, *see* Coronary heart disease
Isolated ventricular inversion with situs solitus: correspondence (Anderson & Wilkinson: Quero-Jiménez). 1202
Isotope scanning in heart, clinical results (Birch *et al.*). 784, *P.*

Jervell and Lange-Nielsen surdocardiac syndrome, with prolonged QT interval present at birth, and severe anaemia and syncopal attacks in childhood (Langslet & Sorland). 830

Lignocaine
cerebral and cardiac toxicity of small dose: case report (Klein *et al.*). 775
effect on coronary blood flow in recent myocardial infarction: correspondence (Széplaki). 440
effect on mechanisms of dysrhythmias in myocardial infarction (Allen *et al.*). 780, *P.*
Lipids, serum, in myocardial infarction, young female survivors (Mann & Thorogood). 790
Löffler's endocarditis: case report (Scott & Bruce). 534
Lupus erythematosus, systemic, and complete heart block: case report (Wray & Iveson). 982
Lymphoma, Burkitt's, in heart block: case report (Cole *et al.*). 94
Lysosomes, labilization and stabilization in anoxic guinea-pig heart (Welman) 781, *P.*

Malformations, cardiovascular, in infant deaths. 10-year study (Esscher *et al.*). 824
Malposition, great arteries, anatomically corrected (Anderson *et al.*). 993

Membranous ventricular septum, congenital aneurysm with atrioventricular block, histology of conduction system (Thery *et al.*). 1097
Mexiletine and procainamide, comparison of antiarrhythmic effects after myocardial infarction (Campbell *et al.*). 779, *P.*
Mitral
stenosis, isolated, associated with pulmonary vascular changes, India (Tandon & Kasturi). 26
systolic motion, echocardiographic, in left ventricular aneurysm (Greenwald *et al.*). 684
valve disease, congenital, echocardiography infants and children (Godman *et al.*). 783, *P.*
diagnosis and evaluation using transseptal Doppler ultrasound catheterization (Kalmanson *et al.*). 257
extreme pulmonary hypertension caused by, natural history and results of surgery (Ward & Hancock). 74
flow velocity recording using transseptal directional Doppler ultrasound catheterization (Kalmanson *et al.*). 249
international symposium, Paris, May, 1975. announcement. 452
normal, measurement of diastolic closure rate (Rodger & Sumner). 504
replacement, with three-cusp stented tissue valves, five years' experience (Mary *et al.*). 1123
Starr-Edwards prosthesis, endocarditis caused by *Corynebacterium hofmanni* and *Candida albicans:* case report (Boyce). 1195
velocity, instantaneous, and its relation to ventricular wall movement (Upton *et al.*). 783, *P.*
Myalgia, and symptomless myocarditis in viral and *Mycoplasma pneumoniae* infections: correspondence (Simon & Abbott: Lewes). 987
*Mycoplasma pneumonia* infections, and symptomless myocarditis and myalgia: correspondence (Simon & Abbott: Lewes). 987
Myocardial biopsy
description of technique, comparison of right and left ventricular biopsy (Brooksby *et al.*). 555, *P.*
material in congenital heart block, EM study (Ludatscher *et al.*). 561
*see also* Ventricular biopsy
Myocardial defect
left ventricular, leading to fatal cerebral embolism: case report (Fitzgerald *et al.*). 886
Myocardial infarction
and atrial dissociation: case report (Scott & Finnegan). 539
assessment of 3-year prognosis in survivors (Helmers). 593
assessment by $^{131}Cs$ myocardial scintigraphy (Burguet *et al.*). 1037
complicated by atrioventricular or intraventricular conduction disturbances. His bundle electrograms (Harper *et al.*). 705
complicated by incomplete bilateral bundle-branch block, long-term survival (Lichstein *et al.*). 924
complicated by left ventricular failure, use of phentolamine for vasodilator therapy (Perret *et al.*). 640
complicated by ventricular tachyarrhythmias, effects of quaternary ammonium compound QX-572 (Rydén *et al.*). 426
creatine kinase release in, correlation with clinical, electrocardiographic, and pathological findings (Mathey *et al.*). 1161
diagnosis and localization, comparison of scalar and vector electrocardiography (McNeill *et al.*). 379
dysrhythmias in, effect of lignocaine (Allen *et al.*). 780, *P.*
in East London (Pedoe). 550, *P.*
echoventriculography of left ventricular asynergy (Heikkila & Nieminen). 46
effect of early oral feeding on plasma free fatty acid concentrations (Opie *et al.*). 700
haemodynamic effects of intravenous propranolol at low dosage (Letac & Letournel). 624
inferior, masked by left anterior hemiblock: case report (Cristal *et al.*). 543
and right coronary artery occlusive disease, correlative study (Dwyer *et al.*). 464
wall, associated with complete atrioventricular block and left posterior hemiblock (Schamroth *et al.*). 471
late arrythmias in hospital phase compared to coronary care unit ectopy (Vismara *et al.*). 598
left, posterior hemiblock in (Rizzon *et al.*). 711
low voltage electrocardiogram after, significance (Fox *et al.*). 748
nitroglycerin, and nitroglycerin-phenylephrine-induced reduction in ischaemia during (Borer *et al.*). 783, *P.*
and premature ventricular complexes in (Knoebel *et al.*). 1064
sublingual. role (Delgado *et al.*). 392
non-invasive visualization with Thallium-201 (Wackers *et al.*). 741
effects of phentolamine on coronary blood flow (Gould *et al.*). 647
posterior, premonitory sign of heart block (Barrillon *et al.*). 2
procainamide and mexilctine, comparison of antiarrhythmic effects after (Campbell *et al.*). 779, *P.*
recent, effect of lignocaine in coronary blood flow: correspondence (Széplaki). 440
serum digoxin levels after (Sharpe *et al.*). 530
serum lipids in female survivors (Mann & Thorogood). 790
severe cardiac failure complicating (O'Rourke *et al.*). 169
ventricular septal rupture after (Yacoub *et al.*). 552, *P.*
in young men, risk factors (Dolder & Oliver). 493
Myocardial lactate metabolism during isometric hand grip test, comparison with pacing tachyardia (Nakhjavan *et al.*). 79
Myocardial preservation during elective cardiac arrest (Hearse) 555, *P.*
Myocarditis
idiopathic giant cell, a distinctive clinico-pathological entity (Davies *et al.*). 192
symptomless, and myalgia in viral and *Mycoplasma pneumonia* infections: correspondence (Simon & Abbott: Lewes). 987

Nitroglycerin
and nitroglycerin-phenylephrine-induced reduction in ischaemia during acute myocardial infarction (Borer *et al.*). 783, *P.*
and premature ventricular complexes in myocardial infarction (Knoebel *et al.*). 1064
sublingual, role in myocardial infarction (Delgado *et al.*). 392
Nodo-Hisian gap phenomenon (Pop *et al.*). 1150

Occlusive coronary disease, variations in right and left coronary blood flow (Asokan *et al.*). 604
Open heart surgery, safe withdrawal period for propranolol before (Coltart *et al.*). 1228
Opening, premature, of aortic valve in severe aortic regurgitation: case report (Page & Layton). 1101
Osteogenesis imperfecta, with aortic regurgitation, successful aortic valve replacement (Weisinger *et al.*). 475
Overdrive suppression of sinoatrial function (Evans *et al.*). 559, *P.*
Oxyfedrine-induced changes in structure and function of cardiac muscles (Naylor *et al.*). 556, *P.*

Pacemaker
extending the life (Davies & Leatham). 559, *P.*
atrial and ventricular, site and function in complete heart block (Dighton). 1156
Pacing
atrial, haemodynamic events in right and left ventricle during angina induced by (Roy *et al.*). 520
site, effects on atrial and atrioventricular nodal function (Amat y Leon *et al.*). 576
cardiac, and the Wolff-Parkinson-White syndrome: invited article (Wellens). 231
from different ventricular sites, measurement of conduction times with catheter electrodes (Castellanos *et al.*). 242
electrode, unusual fracture: case report (Hepburn & Meeran). 1311
Papillary muscle dysfunction, changing haemodynamics: case report (Markiewicz *et al.*). 445
Papp, Cornelio, 1903–1974, Obituary, 331
Paroxysmal tachycardias, repetitive and established (Krikler & Curry). 559, *P.*
Pericardial pressure, postoperative, measurement (Sutton & Gibson). 780, *P.*
Pericarditis
acute, herniation of left atrial appendage presenting as: case report (Carty *et al.*). 98
constrictive, systolic time intervals in before and after digitalis (Bhatia & Manjuran). 1176
Phentolamine, effects on coronary blood flow in recent myocardial infarction (Gould *et al.*). 647
vasodilator therapy in left ventricular failure complicating acute myocardial infarction (Perret *et al.*). 640
Phenytoin and procainamide, comparison of antiarrhythmic effects after myocardial infarction (Karlsson). 731
Phonocardiography and echocardiography, simultaneous, relation between heart sounds and valve movements (Leatham & Leech). 557, *P.*
Polysplenia and asplenia syndromes, review of cardiac and non-cardiac malformations in 60 cases (Rose *et al.*). 840
Postural hypotension, predisposition in treatment of high blood pressure (Talbot & Smith). 1059
Potentiation, frequency and postextrasystolic in patients with and without coronary arterial disease (Schwarz *et al.*). 514
Practolol, use in hypertrophic obstructive cardiomyopathy, relief of severe left ventricular outflow obstruction: case report (El Gamal *et al.*). 225
Pre-excitation, ventricular, classification, vectorcardiographic study (Lowe *et al.*). 9
Procainamide
and mexiletine, comparison of antiarrhythmic effects after myocardial infarction (Campbell *et al.*). 779, *P.*
and phenytoin, comparison of antiarrhythmic effects after myocardial infarction (Karlsson). 731
Proceedings, British Cardiac Society, Autumn Meeting, London, November, 1974. 548; 54th Annual General Meeting, Manchester, April 1975. 779
Progressive systemic sclerosis with complete heart block: case report (Summerfield). 1308
Propranolol
biological and pharmacological myocardial elimination rate (Coltart). 555, *P.*
effect on left ventricular function, segmental wall motion, and diastolic pressure-volume relation, man (Coltart *et al.*). 357
intravenous, evaluation of haemodynamic effects at low dosage in acute myocardial infarction (Letac & Letournel). 624
safe withdrawal before open heart surgery (Coltart *et al.*). 1228
Pulmonary
artery, banding, pulmonary blood flow distribution after (Samánek *et al.*). 37
pressure, stroke volume measurement from (Zacharoulis *et al.*). 20
atresia and Fallot's tetralogy, aortic regurgitation in infective endocarditis from (Emanuel *et al.*). 365
blood flow distribution after banding of pulmonary artery (Samánek *et al.*). 37
hypertension, acute circulatory effects of dopamine (Holloway *et al.*). 482
extreme, caused by mitral heart disease, natural history and results of surgery (Ward & Hancock). 74
primary or unexplained, aetiology (Wade & Atukorale). 550, *P.*
stenosis, familial, with underdeveloped or normal right ventricle (Klinge & Laursen). 60
serial studies in infancy and childhood (Danilowicz *et al.*). 808
trunk, coarctation, in natural history of complete absence of pulmonary valve with ventricular septal defect: case report (Peter *et al.*). 978
valve, complete absence, in association with ventricular septal defect and pulmonary artery coarctation: case report (Peter *et al.*). 978
echo motion in pulmonary regurgitation (Weymann *et al.*). 1184
obstruction, under one year old (Lennox *et al.*). 554, *P.*
vascular changes in isolated mitral stenosis, India (Tandon & Kasturi). 26
veins, role in regulation of lung capillary blood flow (Rajagopalan) 554, *P.*
vessels, structural analysis in isolated ventricular septal defect (Hislop *et al.*). 1014
Pulsus alternans, force-velocity and angiographic volume analysis (Swanto *et al.*). 558, *P.*

Quaternary ammonium compound
antiarrhythmic (QX-572), haemodynamic effects (Rydén *et al.*). 65
effects on ventricular tachyarrhythmias complicating acute myocardial infarction (Rydén). 426
Quinidine effect on maintaining sinus rhythm after conversion of atrial fibrillation or flutter (Södermark *et al.*). 486
QX-572, *see* Quaternary ammonium compound

Rapid filling wave of apex cardiogram, relation to echocardiographic and cineangiographic measurements of ventricular filling (Prewitt *et al.*). 1256
Regurgitation
aortic, from infective endocarditis in Fallot's tetralogy and pulmonary atresia (Emanuel *et al.*). 365
echocardiographic assessment of severity (Gray & Barritt). 691, (Gray *et al.*). 558, *P.*
severe, premature opening of aortic valve in: case report (Page & Layton). 1101
mitral, congenital, due to 'posterior reinsertion' of chordae tendineae: correspondence (Davies & Pomerance: Silver: Bevilacqua) 438
pulmonary, pulmonary valve echo motion in (Weyman *et al.*). 1184

Renin activity, plasma, in coarctation of aorta before and after surgery (Markiewicz *et al.*). 721
Restriction and tamponade, cardiac, haemodynamics (Shabetai & Meaney) 780, *P.*
Restrictive cardiomyopathy, primary (Ziady *et al.*). 556, *P.*
Rhabdomyosarcoma, myocardial, clinical presentation: case report (O'Reilly *et al.*). 672
*Rhodotorula pilimanae*, causing endocarditis treated with 5-fluorocytosine: case report (Naveh *et al.*). 101

RR interval variations in young male diabetics (Murray *et al.*). 882

Sclerosis, systemic, progressive, with complete heart block: case report (Summerfield). 1308
Shunting, interatrial, right-to-left, with normal right ventricular pressure (Haworth *et al.*). 386
SI units: editorial, 1
Sinoatrial
  block, second-degree, concealed AV junctional extrasystoles simulating: case report (Brat). 449
    autonomic influences and clinical assessment (Dighton). 321
  conduction time and sinus node recovery time, comparative study (Steinbeck & Lüderitz). 956
  disease, conducting system pathology (Brownlee *et al.*). 779, *P.*
  function, overdrive suppression and other tests (Evans *et al.*). 559, *P.*
Sinus node
  function in denervated human heart, effect of digitalis (Goodman *et al.*). 612
  recovery time, in elderly (Kulbertus *et al.*). 420
    and sinoatrial conduction time, comparative study (Steinbeck & Lüderitz). 956
Stroke volume, measurement from pulmonary artery pressure record (Zacharoulis *et al.*). 20
ST-segment elevation, transient, associated with spontaneous angina pectoris, maximal exercise testing (Detry *et al.*). 897
Subclavian artery, left, isolated, with right aortic arch, surgical implications (Rodriguez *et al.*). 931
Supraclavicular fossa, right, transmission of audible praecordial gallop sounds to (DiDonna *et al.*). 1277
Supraventricular tachyardia and Woff-Parkinson-White syndrome, newborn infant: case report (Kaye *et al.*). 332
Surdocardiac syndrome of Jervell and Lang-Nielsen, with prolonged QT interval present at birth, and severe anaemia and syncopal attacks in childhood (Langslet & Sorland). 830
Surgery
  cardiac, use of dynamic method in calibration of dye-dilution curves during (Lin *et al.*). 726
  corrective, complications after ascending aorta to right pulmonary artery shunt (Waterson's anastomosis) for cyanotic congenital heart disease (Somerville *et al.*). 1105
Survival in the Andes, film (Heath & Williams). 784, *P.*
Syncope in association with Prinzmetal variant angina: case report (Heikkila & Jounela). 771
Systolic
  pressure gradient in aortic stenosis, echocardiography (Bennett *et al.*). 557, *P.*
  time intervals, in constrictive pericarditis before and after digitalis (Bhatia & Manjuran). 1176
    value in assessing severity of congenital aortic stenosis, children (Moene *et al.*). 1113
    left ventricular, effects of high altitude hypoxia (Balasubramanian *et al.*). 272

Tachycardia
  bidirectional, His bundle electrogram during: case report (Gavrilescu & Luca). 1198
    6-year-old, His bundle electrography: case report (Reid *et al*). 339
  paroxysmal, repetitive and established (Krikler & Curry). 559, *P.*
  supraventricular, and Wolff-Parkinson-White syndrome, newborn infant: case report (Kaye *et al.*). 332
    surgical treatment after epicardial mapping studies (Spurrell *et al.*). 115, 558, *P.*
Tamponade and restriction, cardiac, haemodynamics (Shabetai & Meaney). 780, *P.*
Tetralogy of Fallot, *see* Fallot's tetralogy
Thallium-201, noninvasive visualization of acute myocardial infarction (Wackers *et al.*). 741
Thyroid function, effects of amiodarone, ischaemic heart disease (Pritchard *et al.*). 856
Time relation between apex cardiogram and left ventricular events using simultaneous high-fidelity tracings (Manolas *et al.*). 1263
Titrated energy cardioversion of patients on digitalis (Hagemeijer & Van Houwe). 1303
Transposition
  complete, of great arteries, new preformed catheter for entry into pulmonary artery (Macartney *et al.*). 525
  great arteries, infancy, surgical management (Stark *et al.*). 553, *P.*
  with unusually posterior aortic and mitral-aortic fibrous continuity, seven cases (Wilkinson *et al.*). 757
  *see also* Malposition
Transvenous cardiac pacing, atrioventricular conduction, patients with clinical indications (Cohen *et al.*). 583
Tricuspid atresia
  correction (Walker *et al.*). 282
  in radical palliative surgery (Somerville & Ross) 782, *P.*
  with reference to bulbo-ventricular morphogenesis (Anderson & Becker). 552, *P.*
Triosil 370, Urografin 76 and Hypaque 65 for coronary arteriography, comparison (Verel *et al.*). 1049
Truncus arteriosus
  communis associated with underdevelopment of aortic arch (Thiene *et al.*). 1268
  type I, total correction, 6-month-old infant (Singh *et al.*). 1314

Ultrasound
  sphygmomanometer, clinical experience (George *et al.*). 804
  techniques, *see* Doppler
Univentricular hearts, morphogenesis and nomenclature (Anderson *et al.*). 781, *P.*
Uric acid, serum, in hypertensive patients (Bulpitt). 1210
Urografin 76, Triosil 370 and Hypaque 65 for coronary arteriography, comparison (Verel *et al.*). 1049

Valved conduit, *see* Conduit, valved
Valve
  movements, and heart sounds, relation between, simultaneous echocardiography and phonocardiography (Leatham & Leech). 557, *P.*
  obstruction, outflow, under one year old (Lennox *et al.*). 554, *P.*
  prostheses, *see* Aortic valve, Mitral valve
  tissue, three-cusp stented, in mitral position, five years' experience (Mary *et al.*). 1123
Vascular changes, pulmonary, in isolated mitral stenosis, India (Tandon & Kasturi), 26
Vectorcardiography, left atrial, value in assessment of left ventricular function after acute myocardial infarction (Williams *et al.*). 551, *P.*
Ventricle
  arrhythmia and infarct size, relation between (Roberts *et al.*). 1169
  complexes, premature, and nitroglycerin in myocardial infarction (Knoebel *et al.*). 1064
  events, and apex cardiogram, time relation between using simultaneous high-fidelity tracings (Manolas *et al.*). 1263
  filling, and rapid filling wave of apex cardiogram (Prewitt *et al.*). 1256
  inversion, isolated, with situs solitus, two cases (Quero-

Jiménez & Raposo-Sonnenfeld). 293
with situs solitus: correspondence (Anderson & Wilkinson: Quero-Jiménez). 1202
left, aneurysm, echocardiographic mitral systolic motion in (Greenwald *et al.*). 684
biopsy, percutaneous technique, comparison between right and left ventricular myocardial samples (Richardson *et al.*). 556, *P.*
comparison with right, and description of technique (Brooksby *et al.*). 555, *P.*
dimensions, in pressure and volume overload, echocardiography in assessment of aortic stenosis (Bennett *et al.*). 971
failure, complicating acute myocardial infarction, use of phentolamine for vasodilator therapy (Perret *et al.*). 640
function, after acute myocardial infarction, value of left atrial vectorcardiography in assessment (Williams *et al.*). 551, *P.*
effect of intermittent left anterior hemiblock: case report (Swanton *et al.*). 216
intramural veins, pattern (Farrer-Brown & Tarbit). 85
ischaemia, localization in angina pectoris by cineangiography during exercise (Sharma & Taylor). 963
localized myocardial defect leading to fatal cerebral embolism: case report (Fitzgerald *et al.*). 886
outflow obstruction, severe, relief in hypertrophic obstructive cardiomyopathy treated with practolol: case report (El Gamal *et al.*). 225
performance, ejection phase indices in infants, children, and adults (Tynan *et al.*). 196
shape, continuous assessment (Gibson & Brown). 904, 556, *P.*
and right, haemodynamic events during angina induced by atrial pacing (Roy *et al.*). 520
size and performance, validity of echocardiography, infants and children (Kaye *et al.*). 371
volume determination, non-invasive, use of two-dimensional echocardiography (Gehrke *et al.*). 911
wall, movement, measurement of peak rates, comparison of echocardiography with angiography (Gibson & Brown). 677
pre-excitation, classification: vectorcardiographic study (Lowe *et al.*). 9
right, double outlet, with l-malposition of aorta (Lincoln *et al.*). 453
outflow tract, homografts, infants and children, late results (Radley-Smith & Yacoub). 554, *P.*
septal defect, in association with complete absence of pulmonary valve and pulmonary artery coarctation: case report (Peter *et al.*). 978
isolated, quantitative structural analysis of pulmonary vessels, infancy (Hislop *et al.*). 1014
long-term cardiorespiratory assessment after surgical closure, childhood (Hallidie-Smith *et al.*). 553, *P.*
septal rupture, post-infarction (Yacoub *et al.*). 552, *P.*
systolic time intervals, effects of high altitude hypoxia (Balasubramanian *et al.*), 272
tachyarrhythmias complicating acute myocardial infarction, effect of quaternary ammonium compound QX-572 (Rydén *et al.*). 426
tachycardia, following epicardial mapping studies, surgical treatment (Spurrell *et al.*). 115, 558, *P.*
wall movement, relation to instantaneous mitral valve velocity (Upton *et al.*). 783, *P.*
Virus
Coxsackie, causing heart disease (Sainani *et al.*). 819
infection, and symptomless myocarditis and myalgia: correspondence (Simon & Abbott; Lewes). 987

Waterson's anastomosis for cyanotic congenital heart disease, complications (Somerville *et al.*). 1105
Wolff-Parkinson-White syndrome
assessment of anatomical site of accessory pathway (Spurrell *et al.*). 127
atrial fibrillation (Curry & Krikler). 779, *P.*
effects of disopyramide on electrophysiological properties of specialized conduction system and on accessory atrioventricular pathway in (Spurrell *et al.*). 861
intra-A-type variation: case report (Heikkilä & Jounela). 767
preoperative assessment (Miller *et al.*). 558, *P.*
and supraventricular tachycardia, newborn infant: case report (Kaye *et al.*). 332
use of cardiac pacing: invited article (Wellens). 231
